## INSTRUCTIONS

1. Orders: All FCG&PS Using Departments must order services listed by issuing FCG&PS Purchase Orders per FCG&PS Procurement Procedures Manual. An extra copy of the Procedures Manual can be obtained by calling Procurement at (540) 422-8351 or 8352.
2. The applicable contract number, vendor number, estimated total dollar amount (can be done as a "Not to exceed" estimated figure), contact person with phone number, and billing/delivery address must be shown on each purchase order for Finance & Contractor use.
3. Inspection on delivery and approval of contractor's invoice is the responsibility of the receiving using department.
4. Any complaint as to quality of goods or services, faulty or delinquent delivery, or violation of contract provisions by contractor shall be reported to FCG&PS Procurement for handling with the Contractor. All complaints must be submitted in writing and can be forwarded to Procurement via email, fax, or courier.
5. Renewals: As stated on the face of this notice, four (4) renewals are on this contract. A renewal notification, based on input requested from the using departments, will be issued approximately thirty to sixty days in advance of the expiration date of the current term.
6. Fuel Price: Total selling price is calculated using the base purchase price per gallon plus the firm, fixed net differential price. Base purchase price will fluctuate with the weekly posting of the Rack Average Category of the OPIS Average from the Fairfax, VA, Baltimore, MD, or the closest terminal with available product on the day of delivery, as stated in the original bid document. Differential prices are as follows:

### **Heating Oil #2:**

**James River Solution, \$0.1120/gallon + Rack Average Category of the OPIS Average**

7. Price Adjustments: Changes to the net differential price of the total selling price may be negotiated during the ninety (90) day period prior to the expiration date of each contract period.
