Dear Valued Customer,

At Galls, we remain deeply committed to providing the highest quality products and services to customer partners like you. As we enter 2025, the economic landscape is evolving, presenting new opportunities and challenges for businesses across all industries. While inflationary pressures have shown signs of stabilizing, the costs associated with materials, transportation, and labor remain elevated - compelling us to implement some necessary adjustments. We want to be transparent about the factors influencing pricing adjustments needed to maintain the level of service you expect from us.

Broader Economic Indicators

The rate of inflation has created broader economic pressures, resulting in increased costs across various sectors. We have worked diligently to manage these challenges by improving our operational efficiencies, renegotiating with suppliers, and exploring innovative solutions to limit the impact on you. We are making necessary adjustments to our pricing to sustain the level of service and quality that aligns with your performance standards.

Supplier Costs

Our industry-leading partners and suppliers have been compelled to realign their pricing structures, often passing on double-digit increases on a wide range of products in our catalog from uniforms to tactical gear.

Logistics Challenges

Ongoing global supply chain disruptions and rising operational costs continue to exert significant upward pressure on transportation expenses. These challenges, driven by factors such as rising fuel prices, increased demand, and logistical complexities, show no signs of easing. As a result, this year marks a 3.5% increase in freight shipping costs from major providers.

Labor and Talent Management

We are committed to providing a skilled and motivated workforce to serve our heroes on the frontlines in the public safety industries we proudly serve. The competitive labor market, coupled with rising wages and increasing benefits' costs, has compelled more investment to attract and retain top talent.

Forward in Unity

Our blended cost increase in 2025 is approximately 4%. Recognizing the challenges these adjustments may present to your organization, we approach them with the utmost consideration. Our unwavering priority is to uphold the exceptional service and superior products that have earned your trust throughout our partnership.

We are immensely appreciative for your continued collaboration, and we remain dedicated to supporting you as we navigate these economic challenges together. Our team is here to assist you through these changes and ensure that we continue to exceed your expectations.

Thank you for your unwavering trust and partnership.

June 5th, 2025

To Our Professional Customers,

At 5.11, we're committed to delivering purpose-built gear that performs when it counts. As material, transportation and receipt costs continue to shift globally, we've made careful updates to product pricing to reflect these changes and ensure we're offering the best possible value across our lineup.

You'll see price adjustments on items — averaging 10-12% - aimed at keeping our products competitive, durable, and mission-ready. We remain focused on making 5.11 gear accessible to as many customers as possible, without compromising on the quality, innovation, service and supply you expect from us.

The 5.11 Professional Sales team will continue to work with your agency and our distribution partners to ensure that you have the 5.11 product you need, when you need it.

We appreciate your continued support and look forward to continuing to serve those who live the motto: Always Be Ready.

Thank you for being a vital part of the 5.11 mission.

Sincerely,

Subject: 2025 price increase

Dear Laurie:

We will be having a price increase starting 1/15/2025.

This price increase will average 3% or less, and is due to raw material increases.

I will have the price lists to you within the next couple of weeks, with the increase detailed for every item.

If there are any questions or additional information that is needed, please contact me.

Thank you.

Sincerely,

To all our valued customers,

After 2 ½ years we have depleted all of our raw materials that were purchased at old costs and now must pass on a small portion of these increased expenses to stay viable. These prices will take effect on 1/1/2025. Please see your enclosed price sheet for specific numbers.

We do appreciate your past business and hope to continue our relationship in the future.

All the best,

Steven G. Stratton – CEO

Re: Price Increase

Dear Valued Distributor,

As you are aware, volatility and inflation in the global economy continue to impact businesses everywhere and have resulted in significant increases in the cost of raw materials, labor and logistics. While we are working diligently to minimize the impact on our customers by partnering with suppliers and improving our own efficiencies, we are unfortunately not immune to these pressures.

As a result, we issued new pricing along with our 2025 programs that include price increases across all product lines. Most of the increases range from 3-6% however, some specific products may be impacted even more due to specific circumstances or supply chain challenges.

We value your support as we work to minimize these impacts but remain committed to producing products of uncompromising quality in order to keep our first responders safe. Should you have any questions, please feel free to contact our Account Manager or Regional Sales Director.

Regards,

Re: 2025 Pricing

Dear Dave,

Further to your request, this letter is to confirm that on January 1, 2025 we will implement a 3% price increase on all Gould & Goodrich products. This increase is driven by increases in raw materials and labor.

In order to provide time for Galls to implement these changes, we will plan on implementing this increase on April 1, 2025 for all Galls orders.

Please feel free to contact me should you have any questions or require further assistance.

Sincerely,

Scott Nelson
President

December 3rd, 2024

As we enter 2025 and monitor global supply pressures, the volatility in many areas of the world have stabilized. Over the past couple of years, Workwear Outfitters has been able to mitigate many cost pressures. However, while inflation has moderated since the Covid years cost pressures around labor, utilities and freight remain.

*I am pleased to let you know that Dickies will not be raising prices, while RedKap and Bulwark and Horace Small will have a nominal increase **averaging** 2.5 – 3% effective February 1, 2025. Net price files will be available and forwarded over the coming weeks. Thank you for your business and we look forward to helping you grow throughout the year.*

Dear GALLS,

I hope this letter finds you well. I am writing to inform you of an important update regarding our pricing structure. Effective January 1, 2025, we will be implementing a price increase across our product line.

We are mindful that it has been two years since we last adjusted our prices. During this period, we have worked diligently to absorb rising costs and maintain our pricing stability, despite significant increases in our operational expenses. However, due to increased costs of raw materials, and rising labor expenses, we find it necessary to adjust our prices to continue delivering the quality and service you have come to expect from us.

The forthcoming price adjustments will vary across our range of products. Specifically, the increases will range from 5% to 20%, depending on the item. This range reflects the varying impact of cost increases on different segments of our offerings.

We want to assure you that this decision was made after careful consideration and with the aim of continuing to provide you with exceptional value. Our commitment to quality and service remains our top priority, and this adjustment will enable us to sustain the high standards you rely on.

Should you have any questions or need further clarification regarding these changes, please do not hesitate to contact me directly. We are here to assist you and make this transition as smooth as possible.

Thank you for your understanding and continued support. We value your business and look forward to continuing to serve you with the same dedication and excellence.

Best

Re: 2025 Price Increase Letter

To Whom It May Concern;

This letter is to confirm that on January 1, 2025 there will be a price increase on our Flying Cross and Vertx products of approximately 2.5%. The price increase is a result of increases in materials, trim, labor, and overhead.

If there are any questions or additional information that is needed please feel free to contact me.
