G. In Attachment A, General Contractual Provisions, R., Contractual Claims Procedure change section to read as follows:

R. Contractual Claims Procedure

The Virginia Acts of Assembly of 2007, Chapter 943, Chapter 3, Exhibit P and its attachments requires contractors with the University to submit any claims, whether for money or other relief, in writing no later than 60 days after final payment; however, written notice of the contractor's intention to file such a claim must be given at the time of the occurrence or beginning of the work upon which the claim is based.

The University's procedure for deciding such contractual claims is:

1. The Selected Firm must provide the written claim to:

Sourcing Director, Procurement Services
University of Virginia
Carruthers Hall
1001 North Emmet Street
P. O. Box 400202
Charlottesville, Virginia 22904-4202

2. Although the Selected Firm may, if it chooses, attempt to resolve its claim by dealing with a University department other than the one stated in Section 1 above, the Selected Firm must submit any unresolved claim in writing no later than 60 days after final payment to the Sourcing Director of Procurement Services if it wishes to pursue its claim.
3. Upon receiving the written claim, the Sourcing Director, Procurement Services will review the written materials relating to the claim and decide whether to discuss the merits of the claim with the Selected Firm. If such discussion is to be held, the Sourcing Director, Procurement Services will contact the Selected Firm and arrange such discussion. The manner of conducting such discussion will be as the Director and Selected Firm mutually agree.
4. The Sourcing Director, Procurement Services will mail his or her decision to the Selected Firm within 60 days after receipt of the claim. The decision will state the reason for granting or denying the claim.
5. The Selected Firm may appeal the decision by providing a written statement explaining the basis of the appeal within 15 days after the Selected Firm's receipt of the decision to:

Senior Director of Procurement Services
University of Virginia
Carruthers Hall
1001 North Emmet Street

P.O. Box 400202
Charlottesville, Virginia 22904-4202

6. Upon receiving the written appeal, the Senior Director of Procurement Services will review the written materials relating to the claim and decide whether to discuss the merits of the claim with the Selected Firm. If such discussion is to be held, the Senior Director of Procurement Services will contact the Selected Firm and arrange such discussion. The manner of conducting such discussion will be as the Senior Director of Procurement Services and the Selected Firm mutually agree.
7. The Senior Director of Procurement Services will mail his or her decision to the Selected Firm within 60 days after the Senior Director of Procurement Services receipt of the appeal. The decision will state the reasons for granting or denying the appeal.

Nothing in this procedure will preclude either party from filing a claim in any court of the Commonwealth of Virginia to seek legal or equitable remedy if a dispute should arise, in addition to such other remedies as are expressly provided in this Agreement. The Selected Firm may not, however, file such claim unless and until it has complied fully with the procedure set forth in this provision.

- H. In Attachment A, General Contractual Provisions, T., The University's Authorized Representatives change section to read as follows:

T. The University's Authorized Representatives

business Tier II report to the University by the 10th of the month following each calendar quarter, specifically the months of April, July, October, and January. The Selected Firm will upload the quarterly small business Tier II report via an online portal to be specified by the University. The University will provide the reporting template, the URL for the portal, and any necessary training a minimum of two weeks before the first quarterly report is due. Please submit any questions regarding Tier II reporting to:

Shannon Wampler
Supply Chain Business Analyst

E-mail: saw2w@virginia.edu

The quarterly small business reports will contain this information:

1. Small business name, address, and phone number with which the Selected Firm has contracted over the specified quarterly period.
2. Contact person at the small business who has knowledge of the specified information.
3. Type of goods and/or services provided over the specified period.
4. Total amount paid to the small business as it relates to the University's account.

The Selected Firm's failure to provide small business reports on a quarterly basis which contain the information required by this section and/or the Selected Firm's failure to comply with the plan for utilizing small businesses submitted by the Selected Firm as part of its proposal and/or negotiation response may be grounds for debarment pursuant to Section 9.G.4 of the "Purchasing Manual for Institutions of Higher Education and their Vendors."

- J. In Attachment B, Specific Contractual Provisions, B., Payment Terms change section to read as follows:
- B. Selected firm agrees to remain enrolled in one of the University approved methods of payment at NET 30 ACH. L. University Registration

Capital agrees to register and remain registered as a supplier with the University during the term of this Agreement, and to comply with all applicable terms and conditions associated with registration.

M. eVA Registration / Transaction Fee

The eVA Internet electronic procurement solution is the Commonwealth of Virginia's comprehensive electronic procurement system. The portal is a gateway for firms to conduct business with state agencies and public bodies. All agencies and public bodies are expected to utilize eVA and all firms desiring to provide goods and/or services in the Commonwealth are encouraged to participate in the eVA Internet e-procurement solution.

Capital is required to register in the eVA Internet e-procurement solution as a condition of award and remain eVA registered during the term of this Agreement. Capital will be subject to an eVA transaction fee, for which Capital will be invoiced by Commonwealth of Virginia, Department of General Services. Capital may not recoup the eVA fee by invoicing the University for the fee. Additional information is available at www.eva.virginia.gov

Capitals must ensure that only eVA registered sites are maintained in the University's supplier registration system. If the firm does not meet this requirement throughout the term of the Agreement, the Capital may be responsible for all additional eVA expenses incurred by the University as a result of the firm not maintaining proper eVA registration and / or having a non-eVA registered site(s) within the University's supplier registration system.

N. Waiver

No waiver of any right will be deemed a continuing waiver, and no failure on the part of either party to exercise wholly or in part any right will prevent a later exercise of such or any other right.

O. Termination

If Capital fails to provide quality goods or services in a professional manner, as reasonably determined by the University, and, upon receipt of notice from the University, does not correct the deficiency to the University's satisfaction within 15 calendar days or a time agreed to by both parties in writing, the University reserves the right to terminate this Agreement upon written notice to Capital.

In addition, this Agreement may be terminated by the University for convenience by providing 30 days' notice. The University remains responsible for payment of all products and services it has implemented, used or purchased through the time of termination.

P. Non-Appropriation

Funding for any Agreement between the University and Capital is dependent at all times upon the appropriation of funds by the Virginia General Assembly and/or any other organization of the Commonwealth authorized to appropriate such funds. In the event that funding to support this Agreement is not appropriated, whether in whole or in part, then this Agreement may be terminated by the University effective the last day for which appropriated funding is available.

Q. Right of Audit

The University reserves the right to audit or cause to be audited Capital's books and accounts regarding the University's account at any time during the term of this Agreement and for three years thereafter. Capital will make available to the University pertinent parts of all books and records relating to performance of this Agreement as may be requested during said period. This specifically includes, but is not limited to, the right of the University to require Capital perform self-audits within reasonable parameters established by the University.

R. Contractual Claims Procedure

The Virginia Acts of Assembly of 2007, Chapter 943, Chapter 3, Exhibit P and its attachments requires contractors with the University to submit any claims, whether for money or other relief, in writing no later than 60 days after final payment; however, written notice of the contractors intention to file such a claim must be given at the time of the occurrence or beginning of the work upon which the claim is based.

The University's procedure for deciding such contractual claims is:

1. Capital must provide the written claim to:
